

This term, we will to learn about addition and subtraction, using our place value knowledge to help us. We will also look at 2D and 3D shapes and their properties.

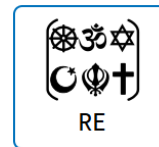

This term, we are reading a book called 'Look Up!' which is about a girl who loves space. We'll be learning how to write a character description, create a flier and doing a report for a newspaper!

We continue to learn about humans and what we need to stay fed, fit and healthy. We'll be doing some awesome experiments on how germs spread!

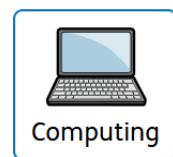

Our inspiring artist this term is Georgia O'Keefe. We will be learning about tone and mixing colours to try and emulate her style, producing our own versions of her work.

We will learn about the Christian story of Incarnation this term, and discover the true meaning of and reason for Christmas.

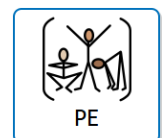

In PSHE, we will learn about health and wellbeing and what we can do to keep both our minds and bodies in tip top condition, learning coping strategies for when things aren't going how we would like them to!

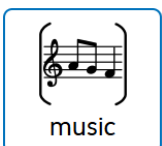

We are going to learn about staying safe online this term, looking at how to use the internet safely, protecting both our identity and our personal information.

Explorers will be our history topic this term. We'll learn about the adventures of both Charles Darwin and Neil Armstrong and make comparisons between them.

This term, we'll be using our ball skills with a unit on sending and receiving. This means throwing and catching as well as kicking and stopping balls.

Our songs for this term are based on a musical production called 'Little Angel Gets Her Wings'. We'll also be learning our Nativity songs!

Orange Class Term 2 Overview
