

Orange Class

Week beginning 30th September 2019

Maths We will be learning to order three numbers from smallest to greatest. We will then move on to investigating number patterns, counting in steps of two, five and ten.

Circle the numbers 48, 43 and 50 on the number line.

Put the numbers 48, 43 and 50 in order starting with the smallest.

Circle the odd one out in each number pattern.

- 2, 4, 6, 8, 9, 10, 12.....
- 0, 5, 10, 20, 30, 40.....
- 35, 30, 25, 20, 12, 10.....

English We will be exploring the next part of Anna and Crocodile's quest to find gold using drama and art. We will create diary entries for their adventure

and then use dance to experience what happens next in the story. **Topic** Having created our own houses from 1666 we will be investigating the conditions in London on 2nd September 1666, preparing weather reports and looking at how the houses were built before finally burning our houses.

Science We will be learning about 'bouncability' - why things bounce! Children will investigate the difference between slow and fast reactions in preparation for preparing a material that will bounce next

Glass Jars

We will be making glowing Great Fire of London jars in the coming weeks—if you have any empty ones at home please could you rinse them and send them in? Thank you!
